**Interests:** Hi, my name is Jada and softball has been a part of my life since I was 7 years old. I love the highs and lows that come with the game. I love that my teammates and I depend on each other to get the job done. I love that no matter what happens in the game, I get to play another one. I am still learning the game of softball and as I grow into my size 12 shoes and mature as an athlete. I want to help other girls like me achieve their dreams. As a student, I've also had highs and lows, but I continue to strive to be better, do better and to become a better student while having to understand how Tourette syndrome affects the way I learn. I look forward to the everyday challenges and feel very fortunate that I have a good support system of family, friends and coaches that can help see me through my education.
